Job Description

Job Description

VAC Plastics Inc. is hiring a Plastic Inspector Foreman/Woman to lead a team of 3–4 employees in a plastics manufacturing facility. You will coordinate daily production and inspection activities, train employees, and help the team meet production schedules and quality standards.

Main Duties

• Supervise and schedule employees who operate plastics processing equipment or fabricate, assemble, finish, and inspect plastic parts and products.

• Assign daily work, establish procedures to meet production schedules, and coordinate activities with other departments.

• Monitor product quality and recommend changes to improve production efficiency and reduce defects.

• Set up machinery and equipment for scheduled production work.

• Train employees in their job duties, safe work procedures, and company policies.

• Prepare production reports and request materials, equipment, and supplies as needed.

• Recommend personnel actions, including hiring and promotions.

Qualifications

• College, CEGEP, or other non-university certificate or diploma from a one- to two-year program.

• Previous experience in plastics manufacturing, product inspection, or production supervision is an asset.

• Ability to communicate in English and give clear instructions to production staff.

• Familiarity with Microsoft Excel and Word for production records and reports.

• Strong organizational skills, attention to detail, and sound judgment.

• Ability to work in a noisy, dusty manufacturing environment and handle loads up to 13.5 kg (30 lb).

• Own transportation. A medical exam and criminal record check are required.

• Possess the required documents and have the ability to travel to China as required.
