Job Details

State Window Corporation is a glazing and building envelope contractor based in Vaughan, Ontario, operating under NAICS 238150. The company specializes in the supply and installation of aluminum windows, doors, railings, and glass systems for residential and commercial construction projects across the Greater Toronto Area.

As a glazing contractor, State Window Corporation works directly on construction sites and building projects, delivering finished glazing and envelope solutions to builders, developers, and general contractors. The company's in-house operations support the preparation and customization of glazing products prior to installation, which is standard practice for contractors in this trade.

Job Description

Responsibilities

• Assembles mechanical equipment and components using hand and power tools, in accordance with blueprint layout plans.
• Assembles, installs, aligns, dismantles, and moves stationary industrial machinery and automated production line equipment according to blueprint layout plans.
• Reads and interprets blueprints, structural diagrams, and mechanical/electrical schematics to determine work procedures and isolate machine irregularities.
• Performs the physical installation, relocation, and precision alignment of automated production lines and CNC machinery according to blueprint layout plans.
• Inspects and examines automated production machinery to detect and investigate mechanical, electrical, hydraulic, vacuum, and pneumatic irregularities and malfunctions.
• Uses PLC systems, HMI screens, and automation control panels to trace input/output signals and isolate mechanical, hydraulic, or pneumatic faults from electrical failures.
• Repairs mechanical and electromechanical faults, replacing and aligning machine control devices and components to restore correct timing and sequencing.
• Performs preventive and predictive maintenance on a daily and weekly schedule, including cleaning, lubricating, and adjusting machinery to minimize downtime.

• Operates machine tools such as lathes and grinders to fabricate small repair parts and custom tools required during machine overhauls and setup.

Why Choose State Window Corporation

• Comprehensive health, dental, and paramedical benefits from day one
• On-site housing options available
• Wellness program and team-building opportunities that support a positive work environment
