Job Description

Main Duties (NOC 22303 – Construction Estimators):
- Prepare estimates of probable costs of materials, labour and equipment for construction projects based on contract bids, quotations, schematic drawings and specifications
- Advise on tendering procedures, examine and analyze tenders, recommend tender awards and conduct negotiations
- Establish and maintain tendering process and set up cost monitoring and reporting systems and procedures

- Prepare cost and expenditure statements and forecasts at regular intervals for the duration of a project
- Prepare and maintain a directory of suppliers, contractors and subcontractors
- Liaise, consult and communicate with engineers, architects, owners, contractors and subcontractors, and prepare economic feasibility studies on changes and adjustments to cost estimates
- Manage and coordinate construction projects and prepare construction progress schedules.

About ServiceMaster Restore of Edmonton:
ServiceMaster Restore of Edmonton is a full-service disaster restoration company serving residential and commercial property owners in Edmonton and surrounding Alberta communities since 2002. The company provides emergency mitigation and restoration after water, fire, smoke, mould and other property damage, from the initial assessment and estimate through to reconstruction.
